Welcome to **Access TIR -
DNA Activation** training
course.

“A new science will arise from your Heart”

We are living in a time of great change—have you noticed? Many people around the world are questioning the old ways and recalling their true purpose on this beautiful planet.

So, if this is the case for you, you are not alone. You may feel it in your body or at an energetic level—perhaps feeling constantly tired? Work might no longer make sense, old relationships can start to feel awkward and meditation is not enough. Let me tell you: it is all part of the same process of **Healing & Evolution**.

Hi! My name is **Ariel Jaenisch Ferrigno**. I am a body therapist and energy healer based in northern Spain. For 17 years, I've dedicated myself to developing **TIR**, a groundbreaking method using **Sacred Geometry** as a **Biology/DNA enhancer**. I've designed this course to share with you an innovative approach that unifies **science** and **spirituality**.

Today, we know spirituality is no longer defined by being 'good', living isolated in the mountains, or seeking initiation into esoteric wisdom. Instead, this new spirituality, that I respectfully propose, is centered on **purpose**, **responsibility**, and **mindfulness** in daily life.

But achieving this requires a **real shift**, and I find these three keys essential:

1. Adopting a new vocabulary and knowledge.
2. Updating and upgrading your physical and energetic 'vehicles'—both need to be at their best to channel all this new information
3. A dedicated daily practice to sustain and expand your frequency as you step into your next evolutionary stage.

It's not magic, and it's not about more 'food for the mind' either. The science behind TIR involves photons, DNA, and Sacred Geometry. You may think that this would be something challenging or difficult to understand, but the method itself is quite easy to learn and practice. Soon enough, you will find the specific coordinates that will put you on the right track—regardless of where you are on your journey.

During the training, we'll explore:

- The current planetary scenario and the energy upgrades affecting your DNA since 2012.
- Your body as an amazing machine designed for a unique experience of Love and expansion on Earth.
- Practical ways to close the current 3D experience and shift into an expansive 5D reality.
- TIR Protocols as powerful daily practices for spiritual awakening.

Every cell of your body is actually programmed to shine, containing dormant codes ready to:

- **Recall** your purpose.
- **Reconnect** with your true Self.
- **Guide** you on a journey of vitality, peace, and well-being.

This is very good news: **enlightenment is not just a metaphor!** Planet Earth is shifting into a new reality of higher frequency. Are you ready to evolve and awaken all your innate gifts?

In the following pages, you will find all the information about the training and how to confirm your participation.

Warm regards,

Ariel Jaenisch Ferrigno
